

WORLD OF RADIO #1134, produced June 5, 2002 by Glenn Hauser

- *Monday repeat of our Spanish DX report Mundo Radial was there June 3 at 2130 on 15825; still to be deleted?
- *WBCQ cancels our first broadcast time Wed 2330 from next week, but still at 0415 Thu on 7415
[to be replaced by Wed 2200 on 7415 AND 17495]
- *Jewish Radio Network added Sundays to WBCQ with real rabbi, including music programs, on 17, then 9 MHz; next Sunday trying simul on 7
- *Offshore radio project at The Planet being revived, asking for donations
- *Sister Stair sends out more rambling, incoherent circulars. Brother Stair phoned her June 3 that he had been put into maximum security
- *May 29 a young man, Stan Bean, at the Overcomer farm, died; coroner says foul play nearly conclusively ruled out
- *Construction permit granted for new SW station in Pinyon, New Mexico, KIMF, International Fellowship of Churches; coordinates; same owner as Honduran HRMI
- *As we hypothesized sesquidecades ago, UHF TVDX from one side of the world to the other is finally reported via moonbounce, Oklahoma to Western Australia; see DXLDs 2-089, 2-090
- *This Week in Amateur Radio, and WA0RCR Gateway 160 meter bulletin service closed down on 1860 kHz
- *In expanded AM band station article in Radio World:
http://www.rwonline.com/reference-room/special-report/1_rw_ex_am.shtml
WRNC admits to running illegal 10 kW at night
- *Are X-band stations required to run AM stereo? No, only got priority by promising to
- *Special ham AM operation June 7-8, W5A from HAMCOM, Arlington, TX on 40 and 80 meters
- *Seattle station stunts with 7-second song snippets for two days as 'Quick 96', then settles into classic hit format
- *Waukegan station marking Jack Benny's 100th birthday, Saturday afternoon, June 8, also webcast via <http://www.wdcb.org>
[original article from Robert Feder Chicago Sun-Times column]
- *Texas students do clandestine radio project on R. Rebelde, Cuba, and compete at University of Maryland, College Park, June 9-13, using material from Don Moore's website
<http://members.tripod.com/donmoore/central/cuba.html>
- *R. Americas, Swan Island 1962 QSL card sold for \$358 on E-bay; debate on ethics of this in DXLD 2-092
- *HRN, La Voz de Honduras, long gone from SW, available via webcast, <http://www.radiohrn.hn> including programs La Tremenda Corte, Honduran Music Saturday mornings, La Noticia sin Malicia
- *Mexican Pres. Fox has started weekly 5-minute address to Mexicans in the US on Saturday mornings via R. Unica network; time?
- *Mexico bans TV and radio cigarette ads from 2003y
- *US Southwest and Mexico do not understand 'emisora', but instead

`estacion` for radio station

- *Dr. Gene Scott upgrading Cahuita, Costa Rica facility with new 100 kW transmitter on order, antennas from HCJB, new frequencies planned to put good signal into Europe
- *I myself made up the callsign `TIDGS` to refer to that station
- *World of Radio 1134; our main website unavailable for `upgrade`, <http://www.worldofradio.com> so remember to check our other site, <http://www.angelfire.com/ok/worldofradio> starting with Anomaly Alert
- *New Peruvian monitored on 5 MHz band, Radio Santa Rosa
- *R. Bandeirantes, Brasil and where its three SW frequencies are aimed; does soccer coverage from its own studios, while R. Guaiba [I said Gaucha by mistake] actually sends its correspondents to Japan and Korea; measured to three decimal places; time pips on quarter hour
- *R. Baluarte, Argentine pirate, schedule and address: Casilla de Correo 45, 3370 Puerto Iguazu, Provincia de Misiones, Argentina; E-mail QSL from icnfuturo@hotmail.com
- *Pirate other than Argentine military feeder, Radio Fox 48, heard on 15820 next to WWCR, location unknown
- *Middle-of-night World Cup games may put rare SW stations on the air and DXable, such as Uruguay June 11 at 0630 on 6120, 6140, 6150
- *Port Moresby reactivated on 90 meters, R. Central
- *Jembatan DX has monitoring list by frequency of the few remaining Indonesians active on SW; in DXLD 2-092
- *R. Nepal QSLs are arriving, but laser-printed letters fall off slick stock and stamps stolen
- *Chinese station in Lhasa, Tibet, heard with English program; six days a week for tourists, but also on at least two SW frequencies
- *Last week's unID on 18940, recordings of test music, and then opening of regular service from May 31; proved to be official R. Afghanistan, Kabul, relayed back to country via Norway; and another broadcast in the mornings on 15240 via Abu Dhabi
- *New frequency in English from R. Sultanate of Oman, avoiding HCJB
- *R. Liberia International missing from its 5 and 6 MHz frequencies
- *V. of Greece morning relay via USA moved from 9 to 11 MHz
- *Xinhua reports that Greek parliamentary committee approves extension of RFE and VOA relays there for another 6 years, despite communist opposition
- *Villagers at Valley, Bavaria, win suit to rid themselves of US relay station because of high cancer rate. See DXLD 2-092 (in German)
- *Laser Hot Hits, Europirate, audible all evening in Pennsylvania on 9 MHz
- *R. Baltic Waves International test June 10-11-12 2030-2130 UT with 700 kW nondirectional on 1386 kHz, R. Liberty in Russian; reports wanted to: Vivulskio 7-405, LT-2600 Vilnius, Lithuania; E-mail: riplei@takas.lt Fax +370-2-652532
- *Ostankino broadcast tower in Moscow, which caught fire almost two years ago, refurbished and now insured for \$114 million per year
- *International Chaikovsky Competition in Moscow this month, as usual

coinciding with World Cup; VOR reports about it and also check
CBC Radio 2
*Propagation outlook from Boulder, June 4; flux range 160-185
*Remember our address wghauser@hotmail.com or P O Box 1684, Enid, OK
73702, USA
